

# **ACC-130 : Business Income Taxes**

**Credits** 3

**Lab** 2

**Lecture** 2

**Clinical/WkExp** 0

**Session Cycle**

Fall Only

## **Description**

This course introduces the relevant laws governing business and fiduciary income taxes. Topics include tax law relating to business organizations, electronic research and methodologies, and the use of technology for the preparation of business tax returns. Upon completion, students should be able to analyze basic tax scenarios, research applicable tax law, and complete various business tax forms.
