[AUT-231: Manual Transmissions/Transaxles/Drive, Trains](#)

**Session Cycle**

Spring Only

**Fee** \$45.00

**Description**

This course is an optional lab for the program that needs to meet NATEF hour standards but does not have a co-op component in the program. Topics include manual drive train diagnosis, service and repair using appropriate service information, tools, and equipment. Upon completion, students should be able to diagnose and repair manual drive trains.
