

BIO-280 : Biotechnology

Credits 3

Lab 3

Lecture 2

Clinical/WkExp 0

State Prerequisites

BIO-111, CHM-131, or CHM-151

Session Cycle

Fall Only

Fee \$30.00

Description

This course provides experience in selected laboratory procedures. Topics include proper laboratory techniques in biology and chemistry. Upon completion, students should be able to identify laboratory techniques and instrumentation in basic biotechnology.
