

CSC-134 : C++ Programming

Credits 3

Lab 3

Lecture 2

Clinical/WkExp 0

Local Prerequisites

[MAT-003](#) P2 or satisfactory placement scores.

Session Cycle

Spring Only

Description

This course introduces computer programming using the C++ programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion, students should be able to design, code, test and debug at a beginning level.
