

# Health Information Technology

Associate in Applied Science

Program [Health Information Technology](#)

Program Code A45360

The following Plan of Study is the standard curriculum for the above Program. Any deviation from the prescribed curriculum must have approval in advance. All prerequisite course requirements must also be met. To graduate, the student must successfully complete all the required courses, the required credit hours for electives, and have at least a 2.0 overall grade point average. This Plan of Study is subject to change when the college thinks such action is in the best interest of the student or the Program. It is the responsibility of the student to meet the requirements for graduation. If accepted students do not enroll for three successive semesters, they must contact the Admissions Office to determine if readmission is necessary.
